

Do you know your score?

When was the last time you checked your credit report? A month? A year? Never?

Part of our role as a responsible lender is to make sure that our members are educated when it comes to taking out credit and the best place to start is with your credit score. **Your credit score** gives potential lenders an idea of your lending history and what you normally do with your money. Your score may go up and down depending on how you behave with money.

For example: if you miss a payment on your credit card, your score is likely to go down.

The higher your score, the lower risk a lender would consider you to be. However, here at Plane Saver, we also look at your ability to repay and your personal circumstances which makes our award winning loan process a fair one as each application we receive is considered on an individual basis.

We recommend you check your score before applying for any loans or credit. Companies such as **Credit Karma** & **Totally Money** offer a FREE credit report service - so what are you waiting for? Check your score!

PrizeSaver

The credit union savings account with monthly prizes

We are officially into the fourth month of our fantastic **FREE** Prize Saver account and last month, we had our first top prize winner!

"Thanks very much for the call the other morning, I was so shocked to hear that I won the top prize of £5000 in the prize saver [draw], it took a while to sink in, I've never won anything like that and again, thank you"

Simply visit the website for more details. Good luck everyone!

Let's take a look at February's Lottery results
