

## Friends of Plane Saver supports Caribbean Confederation of Credit Unions

Friends of Plane Saver, the charity that administers the members lottery for Plane Saver Credit Union has partnered with The Worldwide Foundation (the charity arm of World Council of Credit Unions).

To respond to natural disasters that are affecting credit unions and their members, Friends of Plane Saver has donated £3,000 as part of the Worldwide Foundation's Project Storm Break initiative. This donation is going to directly help with the recent devastation left by Hurricane Dorian.

We'd like to thank all of our members who take part in the Friends of Plane Saver Lottery every month who make these donations possible. By continuing to contribute to Friends of Plane Saver, you have directly helped those who need emergency relief from Hurricane Dorian.

### Member Quote

"I applied for a consolidation loan in mid-late December 2018 and my loan was approved within a week after the relevant checks were completed. Every interaction with the staff on the phone was very polite and helpful. The team explained scenarios for me which was also useful and the best part about the loan was that its payroll deduction and that I have a definite time frame to complete my payments. Once my loan was approved, I felt that I could trust Plane Saver because the process was simple and tailored to my financial needs. I have shared this experience with colleagues and have recommended Plane Saver as my preferred UK credit union choice. Thank you again."
