

Plane Talk

Welcome to this month's issue of Plane Talk

Issue 9 | November 2019

AGM 2019 - A Try-umph at Twickenham

Plane Saver Credit Union's 26th Annual General Meeting was held at Twickenham Stadium on Friday 29th November 2019.

Members braved the cold to spend the evening with the Plane Saver team, fellow members and guests.

We were privileged to hear two fantastic guest speakers, David Coe from the Fairbanking Foundation and Nick Money from the Centre for Community Finance Europe. In both speeches, there were lots of positives about the Credit Union movement, despite uncertain economic times and increased competition.

We are pleased to announce that our Chairman and founding member, Ian Atkins was re-elected to our Board of Directors, as was June Parsons, Plane Saver Board member.

Our Treasurer, Dinesh Sanghvi was successfully elected to the Board of Directors for the first time.

He also shared the fantastic news that we have maintained our competitive 1% dividend to members which was deposited into members accounts on 2nd December 2019.

Valerie Walwyn-Tait, our CEO, had lots of positives to say about Plane Saver's performance this year. She was delighted to report an increase in savings, income, loans and membership compared to the previous Financial Year.

She echoed the guest speakers by acknowledging some of the challenges Plane Saver are likely to face in the coming year, such as cyber security and the growing diverse needs of our members.

The evening was closed with a Friends of Plane Saver special donation of £5,000 to Children in Need, which was collected by Pudsey Bear!

Thank you to all members and guests for their attendance and participation on a fantastic evening. A special mention to the Plane Saver Team who helped make the night a success.
